

# plusOne™

vibrating bullet

instruction manual

## product overview:

### how to charge:

1. The charging port is a small pin hole located below the power button. Line up the charging pin with the port.

2. Insert the charging pin through the rubber into the port. The rubber will stretch open to accommodate the pin. It's a tight fit!

3. Firmly slide the charging pin all the way into the port.

### special instructions:

Do not turn on while charging and/or cleaning. While charging the light will flash, the light will turn solid when fully charged. Use only with 5-volt USB wall adapter (standard mobile phone charger). Use water based lubricant only.

### cleaning:

Be sure to clean thoroughly before & after each use. Clean using a mild soap and warm water.

### storage:

Store in a cool dry place separately from other sex toys; sex toys of different material can damage each other if left in contact.

### quality:

This product is manufactured using body-safe material that is skin-friendly, harmless to the human body, and free from phthalates, BPA and latex.

### warnings:

Discontinue use if there is any discomfort for you or your partner. This is for external use only.

**DO NOT INSERT.**

### ways to use:

Try starting off by running the bullet along your breasts and focusing on your nipples. The vibes on this part of the body should start to increase your arousal.

Enjoy your fully waterproof vibrating bullet in the bath or shower for the ultimate way to relax and unwind.

You can nuzzle your vibrating bullet right onto your clitoris during solo masturbation or sandwich it between you and your lover during sex.

The battery shall be disposed in accordance with the local laws and regulations. If possible please recycle it. Users shall not take out or replace the battery by themselves; doing so may amage the product.
